1. Mission Statement

First Love Revival Ministries:

• *Mission Statement*

First Love Revival Ministries is a non-profit organization, created by a team called by God to facilitate revival, rejuvenation, and personal growth for people from all walks of life, through practical educational courses focused on balancing the physical, mental and spiritual aspects of our being.

Our students find balance and harmony in these aspects through our individualized programs. Environmental enrichment is assured by our state of the art, high-performance learning facilities and attendee dormitories that further the much desired equilibrium through physical rest, rejuvenation, mental renewal, and spiritual revival.

"...our ministry's outreach program appeals to a broad spectrum of people, including minorities, underprivileged children, and single parents."

Our Outreach

Advanced Life educational courses encourage transcendence of barriers (racial, social imbalance, etc.) among our students. Our programs appeal to all people, including minorities, underprivileged children, and single parents. By providing a certain number of monthly scholarships or sponsorships to those who could otherwise not afford attendance, our organization gives everyone a chance to participate.

Our Vision

We envision the celebration of life, community, family, and the unique role that each individual has in this world; we want to see and experience fulfillment of our human potential, co-creating with God the existence of harmonious unity among mankind.

“with these high performance facilities our aim is enrichment, not luxury...”

Executive Summary

We plan to create high-performance, multi-purpose learning and training facilities with the goal of personal enrichment for our students and attendees.

Our facility, called the *“Advanced Life Wellness Center”* offers:

- A place of quiet, natural beauty and relaxed atmosphere with minimal intrusions.
- Clean, healthy nourishment, free from disruptive substances.
- Creative classes, workshops and Q&A encounter groups.
- Guided inquiry, prayer and meditation.
- Educational facilities and dormitories able to accommodate up to 500 students at a time.

Our goal in creating these high performance state of the art structures is to demonstrate excellence in construction that utilizes innovative, energy efficient technologies in harmony with the natural beauty of a carefully picked location that exemplifies our message of balance and unity in a visible form.

“Unless people can see it, they cannot believe it. Unless people believe it, they cannot desire it. Unless people desire it, they will neither pursue it nor experience it.”

3. Curriculum Information

“...True wealth is a combination of physical well-being, a balanced state of mind, and an authentic spiritual connection...”

Curriculum Information

The Advanced Life curriculum is designed by the founder, Rita Hinton. With over twenty years of experience as a counselor, public speaker and creative workshop facilitator, Rita developed a practical and successful program that proves to be a life-changing process to participants. “True wealth is a combination of physical well-being, a balanced state of mind, and an authentic spiritual connection” is a statement that attendees come to see and experience at our retreats.

The Advanced Life Wellness Center is offering three primary courses for students.

- I. Introduction to Wellness
- II. Continued Education for Wellness
- III. Advanced Training in Wellness

Other programs offered:

- “W.E.A.L.T.H. [Well-Being, Education, Adjustment / Advancement, Lifestyle, Transformation, Harmony]”
- Nutritional Therapy – Eating for Wellness, Classes on meal preparation, individualized goal setting, lifestyle choices.
- Creative Counseling – Individual and group encounters through the arts.
- Spiritual Advancement – Moving forward to the next level of awareness.

Tours and field trips will be available for all ages. Schools, study groups, etc. are invited to visit our facilities to encourage inquiry and discovery of the state of the art, high-performance technologies and practical innovations in energy conservation.

“...all structures are intrinsically conducive of our goals.”

Facilities Information

The materials used in construction, and the planning of the Advanced Life Wellness Center meet and exceed “green” standards of building. Our aim of minimal pollution is achieved by utilizing sustainable energy technologies. All structures are intrinsically conducive of the goals of Advanced Life Wellness Center.

- Features include:
- 500+ person auditorium
- 2 large dining rooms
- Large visual art workshop facility
- Various rooms for individual counseling
- Children’s program rooms
- Fitness center with junior Olympic indoor swimming pool
- Accommodations for up to 400 students
- State of the art audio visual equipment
- Greenhouse gardens
- Recreational facilities
- All facilities are accessible to the physically challenged

Our vision is to make these facilities available to a critical mass of people who will see and experience the visible demonstration of our goals. Participants will find enablement to achieve inner balance and unity within and with those in their sphere of influence.

Technology

By utilizing the latest accessible technologies for minimized energy usage, our Advanced Life Wellness Center is serving as an example of responsible management to the community and the world.

- ICF (Integrated Concrete Form) Walls - R40-50 (insulation rating)
- Heavy timber beam construction with natural stone veneer
- High efficiency, “low e”, double-pane windows with solar and safety film protection
- Photovoltaic tile and metal roof
- Energy storing battery systems for photovoltaic systems
- Wind power auxiliary energy source (low sound pollution)
- Geothermal heating (if feasible)
- Water source heat pump for heating and cooling
- Saline purification system for pools
- Standby generator array
- Excess energy production will feed back into the grid
- Water distillers and filtration systems
- Hydro-powered generator from stream on property (if feasible)

Why Green?

Because clean, sustainable energy exemplifies our organization’s vision of inner and outer harmony, we maintain a very high standard in regards to the construction of our facilities. With the combination of several cutting-edge renewable energy resources, we aim to actually return power to the grid during times when the additional energy we generate is not being used. In this way, we will not only help to lower energy costs in our immediate area, but serve as a functioning model of our organization’s purpose.

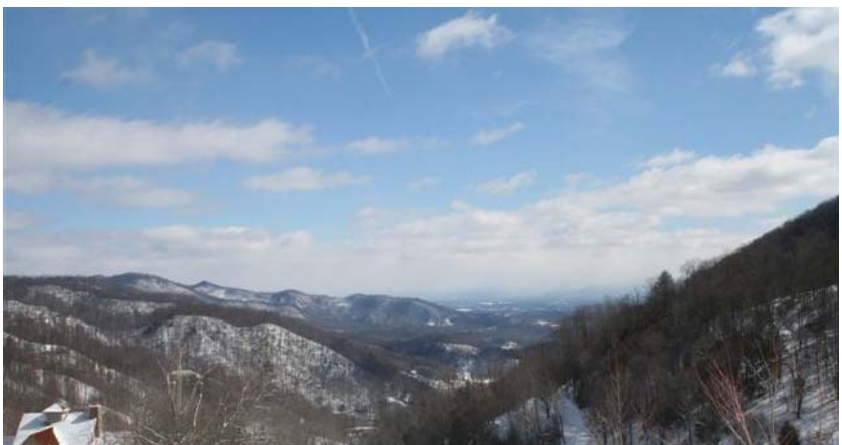

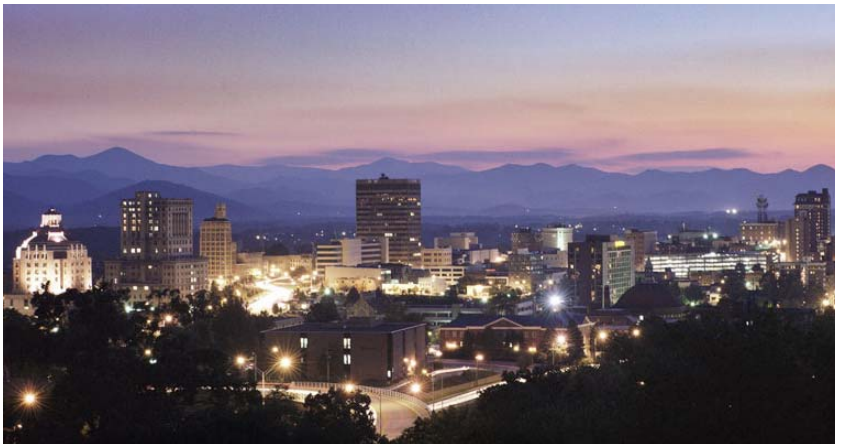

6. Location

“...True wealth is a combination of physical well-being, a balanced state of mind, and an authentic spiritual connection...”

Location

We have certain specific requirements for the location of our facilities, including (but not limited to) approximately 30 minutes to one hour proximity to cities and airports, year-round temperate climates and beautiful natural surroundings and preservation.

Currently, areas of interest are North Carolina, South Carolina, Tennessee, Arizona, New Mexico and Utah, with North Carolina as the prime prospect for the first facility.

“...Carefully chosen teams are one of the keys to this project’s great success.”

Our Teams

The success of our Advanced Life Wellness Center is made possible by the quality of the teams in place to manage and maintain it. The team members of the Advanced Life Wellness Center are carefully chosen individuals, each sharing the organization’s goals and successes.

Our Teams by expertise:

- Guest relations
- Physical care team – Alternative body care, food prep instructors and cooks
- Mental care team – Life coaches and counselors
- Spiritual care team – Mentors and counselors
- Children specialty team – Performing arts instructors, camp counselors
- Grounds care team – Maintenance and upkeep crew
- Alumni relations – Follow up encouragement and correspondence
- Promotions and marketing team – Distributable and printed materials, press release etc.

First Love Revival Ministries is comprised of individuals who share a common goal to help people achieve wellness in their physical, mental and spiritual beings. Our organization is inviting the team members who are the key to carry out this vision to the highest degree of excellence.
